PHOTOGRAPHY PERMISSIONS – HUMAN REMAINS

In consideration of the Stanford University Archaeology Collections of the Stanford Archaeology Center (SUAC) allowing me to photograph human remains from its collection, I hereby agree to the following terms and conditions:

I agree that that the photographs made by me at SUAC are solely for my own personal use. No such photographs made by me will be publicly exhibited in any manner or medium, or reproduced, except for the following legitimate research and educational purposes for which SUAC grants permission:

- Unpublished non-circulating documents such as research funding proposals or reports to research or sponsoring agencies.
- Undergraduate and graduate papers, theses, and dissertations.
- Circulation of pre-publication research materials to colleagues.
- Computerized database for my own use.
- NO posting of these photographs on social media, web sites, or other public forums is permitted.
- NO use of these photographs in any presentations or non-commercial lecturing, such as in teaching or at professional meetings, is permitted without prior permission.

I understand and agree that any other use of these photographs will require the prior written permission of SUAC and shall be governed by the photographic policies of SUAC and Stanford University.

- As determined by SUAC, photography of certain collections considered sensitive and publication of their images may be restricted, potentially pending a consultation process.
- All uses of these photographs will include the full museum number and credit line “Courtesy of the Stanford University Archaeology Collections of the Stanford Archaeology Center.”
- I agree to provide SUAC with photograph copies free of charge upon request at any date.
- I understand that if I do not agree to restrict my use of the photographs as set forth in this agreement, SUAC will not allow me to photograph its collection.
- I further agree that if I breach the provisions of this Permission, I may be required to pay Stanford University a sum to be determined by Stanford University as liquidated damages.
- In addition, I agree that Stanford University may specifically enforce in any court of competent jurisdiction the obligations set forth in this Permission. The remedies of liquidated damages and injunctive relief shall be in addition to all other remedies available at law or in equity.

I write on the back of this form or attach a list of the human remains photographed by me that includes the SUAC identification number for each.
